

Career Transitions for International Medical Doctors

Skills for Change
Diversity at Work™

The Career Transitions for International Medical Doctors program assists internationally trained doctors in making a transition into long-term alternative employment in the non-regulated health sector.

Are you an International Medical Doctor?

- Plan to transition to an alternative career in the health sector?
- Are you a Canadian citizen, landed immigrant or convention refugee?
- Do you meet the Canadian Language Benchmark level 7-8?

Sector-specific Workshops

- Health sector labour market information
- Career planning in the non-regulated professions
- Job search skills and techniques
- Interview preparation and networking

Individual Counselling

- Employment Action Plan
- Portfolio assistance with your resume and cover letter

Job Development

- Paid positions, internships work experience placements, volunteer

Career Transitions for International Medical Doctors is a free program.

Partner Agencies

- Catholic Immigration Centre (CIC)/World Skills (WS)
- Settlement and Integration Services Organization (SISO)
