

# ESL/Accounting and Computer Skills

**Skills for Change**  
Diversity at Work™

English as a Second Language (ESL) training plays a vital role in your successful integration in Canada. This ESL course is offered in partnership with the Toronto Catholic District School Board.

The ESL/Accounting and Computer Skills is intended for immigrants who speak English as a Second Language and have little accounting or office experience. If you have an education in accounting from other countries but have never worked in the field, and are changing your career to accounting from other fields, this program is for you.

Develop English language and communication skills through the study of accounting principles, computer skills and work search strategies, including how to prepare a resume and cover letter, and understand job ads.

## Pre-requisites
