

ESL/Medical Terminology

Skills for Change
Diversity at Work™

English as a Second Language (ESL) training plays a vital role in your successful integration in Canada. This ESL course is offered in partnership with the Toronto District School Board.

Learn medical terminology while developing English communication skills that are helpful in a medical office setting.

This course introduces the essentials of medical terminology along with basic concepts of medical science and practice. You will work to enhance your proficiency in medical English, and to develop specific communication skills necessary to work in a medical environment.

This course is for high-intermediate ESL learners.
