

# Microsoft Access 2007

**Skills for Change**  
*Diversity at Work*™

*TechSkills* offers only instructor-led classes. Our classes are limited in size so you have more hands-on interaction with the instructor. We provide experienced instructors, quality training materials and competitive pricing.

In this course you will become proficient in Microsoft Access.

You will receive instruction in relational database, creating tables with data, extracting information using queries, designing forms and creating reports, advanced queries including action queries, advanced form and reports including sub forms and sub reports, import/export, macro etc.

You will work through many real-life business examples.

## Pre-requisites

Basic knowledge of Windows.

## Certificate offered

Participants receive a certificate of completion

## Tax credit

Tuition tax credit forms will be issued

## Registration

Register in person, or online at [www.skillsforchange.org/techskills/register](http://www.skillsforchange.org/techskills/register)
