

Microsoft Excel 2007 – Level 1

TechSkills offers only instructor-led classes. Our classes are limited in size so you have more hands-on interaction with the instructor. We provide experienced instructors, quality training materials and competitive pricing.

In **Microsoft Excel Level I** you start with the basics including working with workbooks, tabs, moving/copying worksheets, formatting labels and values, AutoFormat, applying basic functions (SUM, AVG, MIN, MAX, NOW) to data, calculating percentages and basic charts. You will finish the course at an intermediate level.

Pre-requisites

- Windows experience
- Canadian Language Benchmark 5-7

Certificate offered

Participants receive a certificate of completion

Registration
